Yes, That intersection was included in the 1996 annexation Ordinance. There is a map included in the Ordinance that shows the boundary of the area annexed. Evergreen Dr. can be seen inside the boundary.

That's what I thought too....I'm not sure where she is seeing that reference.

Were you able to confirm the intersection was included in the ordinance previously sent???

We just checked the old MUD maps we have and don't see any MUD or an Improvement District for that particular intersection (Evergreen Dr. and Holly Ln. in Kingwood).
